

FOOD SAFETY POLICY

Carton Manufacturers Ltd is committed to the processing of boards and corrugated cartons that ensures safe packaging of food meant for human consumption through the implementation of FSSC 22000 (ISO 22000: 2018 + ISO/TS 22002-4: 2013 + Additional requirements) Scheme Certification.

We shall process boards and corrugated cartons to ensure that they meet or exceed requirements of our customers and all the relevant legal and statutory requirements including National and International standards.

This Food safety policy shall be communicated to all employees through placement in appropriate areas, training, internal memos and meetings.

Being cognizant with the importance of continual improvement, the following objectives have been established:

- Continuously minimize microbial, physical and chemical contamination
- Train employees for better performance
- Protect the consumer by reducing product(s) exposure to food fraud, intentional adulteration and acts of bioterrorism.
- Promote transparency and traceability in the supply chain.
- Encourage suppliers and contractors to maintain high standards

Compliance with these objectives and relevant standards shall be regularly measured and opportunities for improvement will be exploited.

It is my responsibility as the Chief Operations Officer of Carton Manufacturers Limited to ensure that the appropriate resources, including human and financial resources, are committed towards implementing this policy across all our operations and communicating our policies and standards to all our employees.

V K Shah
Chief Operations Officer
